"A Bit of Advice"

Thursday Evening, Oct. 16 at 7pm

*So many bits and so little time...plus,
what do they all do and what do they mean to your horse?*

Join the PVPHA on October 17 at 7:00 at the Empty Saddle Club for "A Bit of Advice" as we offer "Bit Basics." Presented by Cowboy Boot Camp's, Lori Barnett, learn how this communication tool is used to gain control of your horse. Horses differ in their breed, training, age and disciplines so it only makes sense that every bit is not suited for every mount and the bit you use now can change as circumstances change. As horsemen, our goal is for a safe and pleasurable ride with a mount that is relaxed and willing to do what is asked of him (or her). The type of bit and how it's used is a very important tool in achieving this goal. Join us at the Empty Saddle Club on Oct. 16 at 7pm for this informative and interesting demonstration at our general meeting.
